

Wreaths Across America

Wreaths Across America - Lone Star Transportation participated in the 2013 Wreaths Across America program. Company Drivers Margarito Chavira (900290) and Robert Sutton (900393) each picked up and delivered a load of Christmas Wreaths from Bangor, Maine, to Houston, Texas. On December 14, 2013, 500 Motorcycles, 15 Police Escorts, 12 Trucks, and hundreds of family members convoyed to the Houston National Cemetery. Over 15,000 people came out to honor our fallen heroes with a wreath. Almost 40,000 wreaths were put in place and the cemetery looks breathtaking.

Santa's Helpers - The Laredo Team donned their Christmas best as they waited for Santa.

Supporting the Community
 (Upper Left) Employees of Lone Star Transportation and the TexR Foundation combined efforts to make a donation to the Tarrant County Food Bank consisting of almost 500 pounds of food and \$2,250. Francie Cooper From the Tarrant County Food Bank (Far Left) accepts the gift from several Fort Worth employees (Brenda Mata, Rae Ritzel, Margie Brigman, Marianna Bell, and Peggy Archibald).

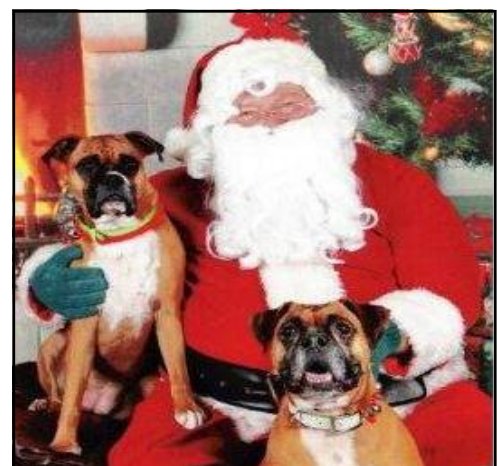

(Upper Right) Marissa Carrera with the FWISD Angel Tree program accepts a check for \$3,080 from the employees of Lone Star Transportation and the TexR Foundation. The Angel Tree program focuses on ensuring that hundreds of at-risk children who attend the FWISD Pre-K Satellite Centers receive gifts for Christmas. Some of the children reside in a shelter, and without support, they would not have anything to unwrap on Christmas morning.

(Lower Left) Lone Star donated its services for the benefit of the Kauffman Leadership Academy, whose goal is to educate students through engaging activities at the highest academic standards. Fort Worth Local Driver Andrew Whitaker (9015) delivered and placed this AC unit for them.

Lone Star Loads...

Terry Irvin (900321) hauled this cooler from Madera, California, to Beeville, Texas. This picture was taken in Bowie, New Mexico. Terry has worked for Lone Star since August 2012.

Above—Terry Phillips (900376) hauled this 53 meter wind tower blade on the Beaman, Iowa, project. One of the added benefits of this job was the opportunity to enjoy beautiful sunrises. Below—Mark Lemon (900216) hauled this Separator Module from Houston, Texas, to Moundsville, West Virginia. The unit itself weighed 93,250 pounds, and the final dimensions of the load were 158' long, 18' wide, 15'-3" high with a total weight of 230,000 pounds.

Driver Appreciation

Driver of the Year Marshall Ray Moore

Marshall Ray Moore was selected as Lone Star Transportation's 2012 Driver of the Year. Because of scheduling, he was not able to receive his recognition until our Houston Driver Appreciation dinner in October. He joined the Lone Star family on January 30, 2001.

It seems as though Marshall was born to drive trucks. His family actually lived in a small house on the J.H. Rose truck yard where his father E.A Moore worked. Marshall began his truck driving career in 1955 working for his uncle at the young age of 14.

He has had some major accomplishments, including hauling a NASA commissioned Apollo 11 tour trailer that toured the country back in 1971 showcasing the landing on the moon, and being hands on in the development of the Cozad trailer in 1972 which is still in use today. Today he is one of our company's most respected drivers. Marshall has been driving trucks now for over 58 years and has knowledge and experience that goes beyond what most drivers will ever learn. We are very happy to honor Marshall as Lone Star Transportation's driver of the year.
