On June 5, 2017, President Trump and First Lady Melania Trump held a Gold Star dinner to honor 50 families that had lost a loved one who was serving our country during wartime. Pictured second from the right, James Ross (900560) and his family attended in honor of his step-son LCPL Justin Ellsworth. Justin earned a Bronze Star for his actions on November 13, 2004 which resulted in the saving of more than 15 other Marine lives. The term "Gold Star Family" traces its origin to World War I. During that conflict, Americans would fly a flag bearing a blue star for every immediate family member serving in the armed forces. The star would be changed to gold if the family lost a loved one in the War.
