

WOMEN IN TRUCKING

In 1929, Lillie Elizabeth Drennan became the first female licensed to drive a truck in Texas, becoming something of a legend in the pioneering days of trucking. Drennan became a leader in a male-dominated field and helped pave the way for many women throughout the years to follow.

Lone Star Transportation is proud to be recognized as a driving force for women in the trucking industry as our very own Professional Drivers Paula Stroud, Doreen Evans, Sage Mulholland, Chiquita Williams and Anikka Singleton are among this growing population.

Visit the Lone Star Transportation website at www.LoneStar-LLC.com to see more on our "Women at Lone Star". Then visit our Facebook page to see interviews, articles and videos featuring these professional drivers!

That's all Folks!

It is with mixed emotions that we announce the retirement of Jerry Vaughn. It is difficult, if not impossible, to sum up all of Jerry's achievements over the last 19 years.

Jerry actually started his career with Lone Star Transportation as an Owner Operator, hauling heavy specialized loads. In 2000 he was hired as a Field Supervisor, and then later moved into a terminal position as a Central High Load Coordinator. Jerry then moved up to Fort Worth Terminal Manager in 2017.

Jerry has been an integral part of LST and his retirement is a well-deserved rest for him.

This is by far the biggest year ever and we know this could not have happened without the generosity of those who donated, contributed and devoted their time and resources to this event.

The Foundation supports LST employees, contractors, and dependents by offering assistance during times of need. It also funds more than \$20,000 in scholarships each year.
