

Twists & Turns

You may have heard the saying, "Straight Roads Never Make Skillful Drivers". Well, our Lone Star Transportation Professional Drivers champion that statement every day! Professional Driver John Heitzman (900558) and crew were captured sporting their skills as they rounded corners, twists and turns with mastery and precision. This vessel was hauled from Longview, TX to Old Ocean, TX. Loaded Dimensions were: 155' Long x 16' 1" Wide x 20' High, gross weight of 292,000 pounds.

Check out our slideshow featuring more photos from this haul on the LST Facebook page!

Conley, Gary	1102		
Dallas, Steven	900565		
Sanchez, Julio	9011		

KUDOS KORNER

LST loves to brag on our professional drivers and it gives us great pleasure to applaud and congratulate the following. These drivers were recognized for demonstrating their dedication, professionalism and standard of excellence.

*I just wanted to let you know that **Chris Williams (900663)** is an awesome person and very knowledgeable in his job!*

I was parked next to him at the TA in Big Spring, Texas this morning and decided to walk over and ask him about Lone Star. He had nothing but kind words to say about the company! This driver loves his job and it really shows with his attitude and how clean and kept up his truck and gear was kept...very clean truck inside and out, tarps, chains, straps etc. were all put away nicely, he just looked very professional out here!

Just wanted to let you know how lucky you are to have such an awesome employee like that, they are hard to come by that's for sure! - via Facebook

*During a recent delivery, **Ken Brock (7401)** kept in constant contact with not only me but also with site personnel as well.*

When NJ permit office had us re- run our route in NJ, Ken ran the route with his escort and arrived at site to check entrance. During this route Ken relayed the 2-3 options we had to run the last 68 miles, and where our only parking spots would be if we continued and didn't get to enter site. We were able to secure police and bucket trucks to leave out on specified date and arrive at our staging area, where we had to park until Monday a.m., as police couldn't take us on in until then.

After advising site of our plan and getting approval, Ken was instrumental in obtaining contacts for local police to act as "security" for the parked cargo (as required by customer). Ken relayed and coordinated everything through myself and the customer and kept everyone informed. Even after there was an issue identified with a turn AFTER we gained entrance to site, Ken was able to coordinate with the site personnel and get the cargo safely delivered.

Ken handled many obstacles professionally and we received a great report back from our customer. - Russell Powers, LST General Manager Houston Operations

If you have any recent accolades or compliments that have been sent your way, please forward to Social@LoneStar-LLC.com. We would love to feature them in an upcoming newsletter.

SCORING BIG!

Lone Star Transportation kicked off this football season with our 2nd annual tailgate party, but this year we huddled for a greater victory. September 6th was National Food Bank Day and LST challenged the Fort Worth office with donating canned goods for a great cause.

Team "Tex's Stars", aka Administration Department, and team "Lone Star Outlaws", aka Operations Department, had some fun-friendly competition! The goal? To tackle hunger by helping those in need and to bring home the "Golden Can Award" for bragging rights!

Both teams went head-to-head for a two week period and each scored big with a combined total of 706 lbs of non-perishable food items, which were donated to a local food pantry. Ultimately the 2019 "Golden Can Award" was handed-off and carried downfield by the Lone Star Outlaws! Congratulations to both of these special teams for championing a huge win!

Welcome to the Family!

Please join us in giving a nice Lone Star welcome to our newest family members from Schilli Transportation.

On October 1st, the operations of the Schilli Companies have become a division of Lone Star Transportation. By joining forces, we will be stronger in the marketplace delivering exceptional service for our combined customers.

As with any transaction of this size the integration process will take time as we synchronize our systems, support functions and operations.

Please stay tuned, there will be more information to come as we expand our relationship and support additional transportation and logistics opportunities.
